

## English

We will be studying the famous author Roald Dahl and looking at some of his books. We will then write our own diaries, newspapers and stories based on his work.

## PHSE

We will be celebrating our differences so that everyone feels that they belong.

## Mathematics

Children will be looking at place value and working on their mental multiplication as well as securing their written methods for all four calculations.

## PE

Children will develop flexibility, technique and control through our laugh a minute dance lessons.

## Celebrating Us

### Key facts to learn at home

- The five food types
- The organs that are part of the digestive system and their function.

## Science

Children will be learning about their digestive system and will be able to identify the different types of teeth and their functions.

## Art

Children will be inspired by Picasso's artwork to use a range of materials to create their own self portrait in his style.

## French

Children will develop their pronunciation when describing themselves and other characters.

### Children's Questions

How do our teeth work?

Why are our teeth strong and what are they made of?

How many teeth can we grow in our life time?

## R.E

The children will be learning about great leaders of different religions

## WOW Day

We will be making our own healthy meal and listening to a talk about how to look after our teeth from a professional.

## COMPUTING

Children will be learning how to use the internet safely.
