

English

We will be writing reports all about ourselves and on teeth. We will also be studying the famous author Roald Dahl and looking at some of his books. We will then write our own diaries, newspapers and stories based on his work.

PHSE

We will be watching clips from the film *Inside Out*, and developing skills to improve a positive growth mindset.

Mathematics

We will be learning place value and working on our mental multiplication as well as securing our written methods for all four calculations (+ - X ÷)

PE

We will focus on exercises and sports to develop team- building.

Celebrating Us

Key facts to learn at home

- The five food types
- The organs that are part of the digestive system and their function.
- The different types of teeth and their function.

Science

We will be learning about our digestive system and we will be able to identify the different types of teeth and their functions.

Art

We will take inspiration from Picasso's artwork to use a range of materials to create our own self-portraits in his style.

French

We will develop our pronunciation when describing themselves and other characters.

Children's Questions

How do our teeth work?

Why are our teeth strong, and what are they made of?

How many teeth can we grow during our life-time?

Why does our food come out the way it does?

R.E

We will be learning about what it means to be a Hindu in Britain today.

WOW Day (Tuesday 11th September)

We will be creating our own menu of a healthy meal and listening to a talk about how to look after our teeth from a local dentist.

COMPUTNG

We will be learning how to use the internet safely.
