

English

We will be writing information texts about mountain ranges and using the text 'The Viewer' by Gary Crew as a stimulus for our own writing.

Geography

We will use maps, atlases, globes and computers to locate key mountain ranges around the world. As well as this, we will understand how mountains are formed and make these out of junk. Find out about life on a mountain.

Mathematics

We will be finishing the year 6 curriculum studying algebra and statistics.

Peak Adventure

Key facts to be learnt at home

Know where to find the Andes, Himalayas, Rocky Mountains, Ural Mountains and Atlas Mountains.

Know the highest peaks in each: Mount Aconcagua, Mount Everest, Mount Elbert, Mount Narodnaya, Toubkal

Know that the 56 highest mountains in the UK are all found in Scotland.

Know the names of the highest peaks in each country of the UK: Scafell Pike (England), Ben Nevis (Scotland), Mount Snowdon (Wales) and Slieve Donard (Northern Ireland)

ICT

We will use search technologies effectively to research mountain and mountain ranges. We will analyse and present the data we collect.

PE

We will be developing flexibility, strength, technique, control and balance through netball. The children will play colour team matches.

RE

We will be learning about caring for others in the world and what this means within different religions including Christianity, Islam and Hinduism.

French

Notre Ecole (our school). We will be learning how to say our subject preferences in French and comparing school life in France to Longwell Green.

WOW Day!

Friday 1st March

Mountain DT & Orienteering

Children to come into school dressed as explorers and mountaineers.
