'Inspiring learning'

Ready, Respect, Care.

Welcome to Longwell Green! We love our school and think it's a great place. Everyone is nice and kind to each other. It is the best school to learn and enjoy!

What is bullying?

Bullying is when a child is getting targeted deliberately and repeatedly by one person or a group.

At Longwell Green, we feel it is important for children to be able to talk to trusted adults if they have any worries. All adults take any worries very seriously and will act to ensure any child feels listened to and supported.

Bullying doesn't happen because small problems are dealt with immediately and taken seriously by everyone. Sometimes you will fall out with friends; if you have a friendship problem, you can be reassured that all adults will treat your worries seriously and quickly and you will be supported in several ways so:

- 😊 Everyone involved is listened to.
- 😊 Strategies for solving any problems are discussed.
- 😊 Time is spent to discuss why the actions were wrong and how to make the right choices.
- 😊 Adults keep an eye on you and check to see if your worry has gone away.
- 😊 Any negative behaviour is recorded.
- 😊 More serious incidents are investigated by either teachers or our Family Link Adviser and they will tell the Headteacher.
- 😊 If needed, parents and Carers are phoned and invited into school to talk about the issue.
