.....putting Every Child Matters into Action

8th September 2020

Dear Parents and Carers,

We were hoping to have face to face tours for both new to Reception 2021 parents and other families who are looking to join our school.

At the present moment, we have to think about the safety of the children, families and staff and as such we just can't do this however much we really want to. I hope you understand.

As soon as we can safely, we certainly will. To put into context, one of the many tours we held last year had over 60 adults (and then children on top of this) with all of the additional children too, with all of our tours being not far off this number! As you can see, it is simply not practical to hold one to one tours, or even socially distanced tours, even before we think about the dangers of what may be brought into school by an single individual. The joys of being a popular school!

Instead, we are making a series of small videos that you will be able to view, showing you key areas of the school, led by me (Darren Brown, the Head) as well as one from our Reception staff team too. This is of course not the same as an in person tour, but we hope you understand why.

We aim to have these videos ready to be released by 18th September.

If you would like to view these videos when they are ready, please email the school and we will send you a direct link when they are ready to go.

Everyone at Longwell Green looks forward to being able to meet you and your child/ren face to face hopefully in the near future.

We wish you the very best of luck in selecting a school and if you choose us, we look forward to welcoming you into the family of Longwell Green.

Kind regards,

Darren Brown
Headteacher
"Inspiring learning"
