

### Science

We will be learning about humans and identifying and counting different body parts. We will investigate the five senses and how each one helps us. We will use sorting and grouping to explore similarities and differences between ourselves and others.

### English

We will be developing our basic writing skills by writing all about ourselves. We will be reading and writing about traditional stories and fairy tales. We will be focusing on correct letter formation and finger spaces.

### Computing

We will begin to use netbooks and iPads, looking at staying safe when using computers online and recognising common uses of technology beyond school. We will design an online safety poster.

### RE

We will be considering what it is to be part of a faith community and creating a leaflet about this.

### Mathematics

We will be developing our understanding of number by counting forwards and backwards to 20. We will practise number formation. We will look at different shapes and learn their names. We will use practical activities to support our addition and subtraction work.

## It's all about me!

Settling in to Year 1 and asking "What makes us all special?"

### PE

We will be practising our jumping, throwing and catching skills as well thinking about positional language.

### Art

We will be decorating our "All About Me" boxes using a variety of materials and methods. We will be looking at the work of Henri Matisse focussing on his use of shapes and using pencils paint and collage.

### WOW Day:

We will be exploring our senses further through playing some fun games! We will also be drawing around and labelling the parts of our body. We invite the children to come in with their favourite top on.

### PHSE

We will be focusing on settling into Year 1, discussing emotions whilst keeping a diary. We will also think about road safety.

### Important dates

We will let you know any important dates via Dojo as we go through the term.
