

## PSHE

In **PSHE**, children will be thinking about their dreams and goals and will also be ensuring they have strategies to calm their minds so they are ready to learn.

## English

In English this term, we will be writing a range of genres around our text 'The Wreck of the Zanzibar' by Michael Morpurgo.

## Mathematics

Children will be learning how to convert between different units of measure and they will be calculating perimeter and area of rectilinear shapes. Additionally, we will introduce fractions and begin looking at  $\frac{1}{2}$ ,  $\frac{1}{4}$  and  $\frac{3}{4}$ .

## French

We will be learning the names of different pets and writing about them.

## Water Makes the World Go Round.

## Science

We will compare and group materials according to whether they are solids, liquids or gasses, look at how some materials change when heated or cooled and identify the part played by evaporation and condensation in the water cycle.

## R.E

We are focusing on Christianity and thinking about why Jesus is inspiring to some people.

### Cross-curricular links

French/Maths - children will create their own bar charts of their favourite animals.

RE/English - children will retell some of Jesus' miracles.

History/Science - Materials used by the Vikings for various objects.

## PE

Children will be developing their striking skills to apply in a range of different games. They will also identify what could be improved for next time.

## WOW Day!

We will be carrying out various experiments involving the states of matter and the water cycle.

## Art

We will be investigating African prints and creating our own designs into mono-prints.
